RED GERMAN PLAN ASSAILED

Military Trials Are Opened For A&M Students Taking Part In Recent Disputes

BY ROBERT E. FORD
COLLEGE STATION, March 31.—Military trials opened here this afternoon for the first 30 of 141 Texas A. and M. senior cadet corps officers involved in protests over elimination of traditional regulations.

Col. Guy S. Meloy, Jr., cadet corps commandant, is in charge of the trials, held before five military panels.

The initial group of 30 students was ordered to appear at 1:30 p. m. Among them was the name of Bill McCormick, senior class president.

The next 30 will be tried at 7:30 p. m. tonight, followed by 30 at 1:30 p. m. tomorrow, 30 at 7:30 p. m. tomorrow, and the final 21 at 1:30 p. m. Wednesday.

College authorities estimated that more than 100 students will be tried.

The trials were ordered by the board of directors last Saturday, college authorities revealed. No such announcement was made public Saturday.

Meloy Heads Panels.
The students, members of the senior class, will be tried by five military panels, each headed by Col. Meloy. On each panel will be from one to three A. and M. graduates who are tactical officers at the school.

Students to be tried are those who recently failed to appear before Meloy for questioning concerning a "no confidence" vote the senior cadets gave two of their senior cadet officers. Only 43 members of the class appeared before Meloy. The orders were given orally and then published in written form.

The trials are expected to continue this afternoon, tonight and tomorrow.

Charge "Disobedience."
What punishment will be given in the event the students are found guilty was not indicated. The students are charged with "disobedience of orders, insubordination and or flagrant disobedience."

Joint Legislative Investigation Of A. and M. Voted

AUSTIN, March 31.—(AP)—The senate today adopted unanimously a resolution calling for a joint legislative investigation of "charges and counter charges" in the A. and M. controversy to be conducted by a committee of five senators and five house members.

With tears in his eyes and a sobbing voice, Sen. George Moffett of Chillicothe, an ex-student of Texas A. and M. college, pleaded for his resolution in what he said was "the interests of the good name of this institution."

Ex-Student Membership Urged.
"I hold no brief either for the students or the faculty," Moffett said. "My only interest is in clearing the good name of that institution."

He said he sincerely believed an ex-student of A. and M. should be on the investigating committee, declaring that only a student or ex-student could understand the spirit and emotions that existed on the Aggie campus.

When opposition developed to an ex-student being on the committee and an amendment was introduced to turn the matter over to the general investigating committee, Moffett's voice broke. He openly sobbed while trying to explain why an ex-student should be on the committee conducting a full investigation to develop the facts.

Senator Sobs Audibly.
He sat down at his front row seat and sobbed audibly. Sen. Fardlow Lane of Center took the floor in Moffett's behalf and sparked the resolution through to unanimous adoption.

The house last week adopted a similar resolution.

NEW ADMINISTRATION TO FACE SAME OLD PROBLEMS—SALARIES, SEWERS, STREET IMPROVEMENTS

Take a letter—the "S," for instance. Salaries. Sewers. Streets.

That's the start of the alphabet that a new city administration will find rolling around the commission table when it takes over the reins of municipal government April 15.

The new administration, which will be headed by Hubert T. Braselton as mayor, will be voted on Tuesday—unopposed—but they will find that the problems got there first.

They're sitting and waiting. They're sitting and waiting for a long time.

Salary Question
The matter of salaries is inevitable, next week, next month, the next six months—it is scheduled to come.

Firemen and policemen are aware of the fact that the Texas League of Municipalities is strenuously fighting a state bill setting a minimum salary rate which amounts to more than they are making now. Firemen and policemen, of course, do not constitute the directorate of the Texas League of Municipalities, and they contend their policies are controlled in entirety by the municipal higher-ups who are riding in the saddle.

Regardless of whether the bill is passed, the matter of salary adjustments is slated for the city commission table.

Fred D. Prince, fire and police commission member, was fiery when it was reported firemen—

See COMMISSION, Page 5

Navarro County Fails To Reach Red Cross Quota

The 1947 American Red Cross drive to raise \$1,017 in Navarro County had slowed to a crawl Monday morning, necessitating an extension of the campaign.

Lloyd K. Carraway, general chairman, declaring the quota had not been met, said the drive would be carried on the last of the week. He said that approximately \$10,500 had been raised.

Three county communities have not been heard from. They were Kerens, Dawson and Frost, and it was not known how much this would alter the Monday morning total.

"This campaign will continue through the week, or until the entire quota assigned to us has been raised," Carraway said.

He made a last minute plea for subscriptions, declaring that there probably were many who would contribute but had let the campaign slip by without mailing their checks.

Anti-Phone Strike Bill Offered

INJUNCTION AGAINST TIEUP APRIL 7 PLAN PROPOSED IN HOUSE

OTHER CONGRESSIONAL ACTION CENTERED ON FUNDS, LILIENTHAL

WASHINGTON, March 31.—(AP)—Legislation aimed at heading off the threatened nationwide telephone strike April 7 was introduced today by Rep. Hartley (R-NJ), chairman of the house labor committee.

The bill would permit the attorney general to obtain an injunction to block a strike. It also provides for conciliation for a 30-day period after an injunction is issued by any federal judge.

The labor committee will start consideration of the legislation tomorrow.

The National Federation of Telephone Workers and 39 affiliated unions have voted the strike to back up demands for wage increases and other concessions from the Bell Telephone System.

While general in its application to any dispute involving the public health, safety or interest, Hartley's bill is designed primarily to cover the telephone case. It limits the beginning of court actions that may result from it to next July 31.

Funds Bill Considered.
A \$2,474,498.548 appropriation bill including the first big step in a Republican drive against government "press agents" stands today in the house.

CHAMBER COMMERCE CONTINUES EFFORT FIND NEW MANAGER

W. J. ADKINS OF TEMPLE HAS DECIDED NOT TO ACCEPT POSITION

W. J. Adkins, Temple school official, elected manager of the Corsicana Chamber of Commerce two weeks ago, has decided not to accept the position, the organization was informed Monday.

John R. Corley, president, committee called to select a new manager to succeed E. C. Mueller, resigned, to notify them that the post was still vacant.

Mueller resigned effective February 1 and entered the insurance business here.

Group Meets Today
The group was called by Corley to session at 11 a. m. to again take up the task of finding a suitable man for the post.

Adkins, principal of the Temple high school and dean of the Temple junior college, said he had notified Corley by letter that he had finally decided to leave in his position with the Temple schools.

"I regret this very much," he said.

"It looks like I just had to stay in Temple. At the time I was negotiating with the Corsicana businessmen for the post I was at a low ebb, so to speak, but I guess I have just been resolved on remaining in the educational field."

At the time of the meeting, the board of directors, it was reported, Adkins had agreed to take the job as he desired to return to chamber of commerce work.

He was to have reported June 1, at the termination of the present school year. The report date was satisfactory to the board, but the committee was in high praise of his qualifications.

It marked the second time that the committee has "decided upon an applicant, with final acceptance failing to materialize."

30 only, of allocation programs over tin, antimony, railroad freight cars, tractors built for export, manila and agave cordage and fiber, the drug streptomycin, and cinchona (quinine), bark; plus limited controls in foreign trade.

Upon signing the bill, the president said he would be returning to Galveston to crash into a bridge near Fannett.

GERMANS DEMONSTRATE—With a sign "Wir Haben Hunger" (we are hungry), part of a crowd of 50,000 Germans who caused a work stoppage in Düsseldorf in protest against the British military government, mill around in one of the city's streets. The group, comprising residents of several villages, participated in incidents which included the seizure of a British government truck which was overturned and rolled into a lake. (AP Wirephoto via radio from London).

COAL MINERS WORKING LAST DAY BEFORE BEGINNING SHUTDOWN IN "MEMORY" OF EXPLOSION VICTIMS

By The Associated Press.
The nation's 400,000 soft coal miners entered the pits for the last time today before beginning a six-day work stoppage in memory of the Centralia, Ill., mine explosion victims—40 men who died in a disaster that forced the prospect of curtailed fuel supplies with few qualms.

At regular month-end meetings of AFL United Mine Workers union locals, the coal diggers received orders passed down from UMW President John L. Lewis to stop at midnight tonight for six days to honor the 111 Centralia dead. There were no reports of dissents and one large group called for removal of Interior Secretary Krug as mines administrator.

Krug said that he would not enter into the mine work stoppage.

"My sympathy for the bereaved families," he said, "is too profound to permit me to debate or to gloss over their misery by engaging in any press controversy over the catastrophe or its causes."

At the same time, the interior secretary stated he would make an early report to the senate on overall safety conditions in the nation's bituminous mines.

There were ample stock piles of coal at most industrial plants at the giant U. S. Steel Corp. in Pittsburgh, however, officials said eight blast furnaces might have to be shut down for lack of coke. They said beehive ovens, which supply 20 per cent of the coke used to

EIGHT YOUNG PEOPLE KILLED IN TWO TRAIN-AUTO CRASHES; WEEK-END DEATH TOLL IS 23

By The Associated Press.
Violent death came to at least 23 persons in Texas during the weekend.

Eight young people died in two automobile-train collisions, 12 more died in accidents involving automobiles and one died of injuries suffered in a fall. One person was shot and another committed suicide.

Mrs. O. C. Gardner, 33, and her son, Odie, 15, both of Childress were burned to death in Quahall, Saturday when a gasoline truck in which they were riding overturned and burned.

Evelyn Shelton, 27, and Averett Haze Stoval, 20, both of Beaumont, were instantly killed early Sunday when the automobile in which they were returning from Galveston crashed into a bridge near Fannett.

See DEATHS, Page 5

COMMISSION MAPPING REPORT TO GOVERNOR ON ODESSA DISPUTE

FINDINGS MAY BE TOLD BY JESTER AS SOON AS SUBMITTED TO OFFICE

AUSTIN, March 31.—(AP)—The state industrial commission investigating the Odessa telephone work stoppage went to work at 9 a. m. on the final draft of its report and recommendations to the governor and the legislature.

Gov. Beauford H. Jester's office announced he would make the report public immediately upon submission, which may be late today.

The commission met in a two-day weekend session here with most of its meetings closed, to consider testimony brought out in public hearing at Odessa and in oral arguments here.

It was invoked by Gov. Jester when the Odessa stoppage spread over the state in mid-March. Under the law, the commission has no power to arbitrate, but in this instance, both parties agreed to abide by its decision.

TEXAS HOUSE VOTES MASS PICKETING BAN, SHIFTS TWO BILLS

TAX, GAS MEASURES ARE MOVED; BATTLES SLATED IN BOTH HOUSES TODAY

AUSTIN, March 31.—(AP)—A bill prohibiting mass picketing moved one step closer to enactment today as the house voted 83-40 for a bill by Rep. John Bell of Odessa.

Termed by opponents as "vicious, anti-labor legislation," the bill won enough votes to pass to final reading, but the necessary four-fifths majority for immediate final consideration was lacking.

Bell, who maintained that his proposal "would do away with mob violence which so often results in hand-to-hand fighting and bloodshed," explained that his bill seeks to outlaw picketing when more than two pickets are gathered at any entrance or within less than 60 feet of entrance.

Four amendments were adopted with Bell's approval. The accepted changes provide that the number of pickets cannot exceed the number of company guards or police at any entrance, that pickets must be employees of the struck company, that the distance between pickets be 60 feet, instead of 30 feet, and that the proposed ban on signs and placards be eliminated.

The house, during a flurry of re-referential motions, today switched.

See LEGISLATURE, Page 5

BOTH TEACHERS PAY BILLS REPORTED OUT FOR SENATE BATTLE

AUSTIN, March 31.—(AP)—The senate finance committee favorably reported today both Sen. James Taylor's equalization bill and the Dallas Black-enship's \$55 per capita and \$2,000 minimum salary bills—all designed to raise salaries of Texas school teachers.

The Taylor bill was amended to raise the appropriation figure from \$23,500,000 to \$29,500,000. The latter figure represents the state department of education estimate of how much would be needed under the Taylor formula for raising teachers salaries to a minimum of \$2,000 a year.

U.N. Veto Power Over Greek Policy Urged In Senate

WASHINGTON, March 31.—(AP)—Senator Vandenberg (R-Mich.) proposed today to give the United Nations a veto power over proposed American aid to Greece and Turkey.

At hearings by the senate foreign relations committee, Vandenberg said he suggested writing in an amendment under which President Truman would be required to halt the aid when and if the United Nations directed him to.

Amendment Proposed
His suggested amendment reads: "The president is directed to withdraw any or all aid authorized herein under any of the following circumstances:

(1) If required by any government of Greece or Turkey representing a majority of the people of either such nation;

(2) If requested by a procedural vote in the security council or a majority vote in the general assembly of the United Nations;

(3) If the president finds that the purposes of the act have been substantially accomplished or are incapable of satisfactory accomplishment.

Threat to Reds Urged
Across the capital, the house foreign affairs committee proceeded with separate hearings. Among others, it heard:

Rep. Crawford (R-Mich.) declared the United States should tell the Russians they must disarm or this country will use her atomic bomb and economic power against them.

Hamilton Fish, a former Republican member of congress from New York, contended that if the United States intervenes in Europe it will invite similar intervention in the American Hemisphere.

MILLIONS OF DOLLARS WORTH OF OIL PROPERTY BURNING IN HOLY LAND AS SAVED JEWS DEPORTED

JERUSALEM, March 31.—(AP)—Black smoke towered thousands of feet over Haifa today from oil fires set by explosions last night while the British were rescuing 1,570 Jewish refugees from the rotten, foundering schooner built 70 years ago.

Company technicians estimated the damage at around \$4,000,000, but said the fires in the oil installation along the Haifa waterfront might continue several days. Earlier unofficial estimates were that the damage might approximate \$16,000,000.

Nearby buildings were damaged severely. The Shell Oil company alone said its loss was \$1,000,000. The underground Irqun Zvni Leumi had claimed responsibility for sabotaging the oil installations earlier.

The fire, blazing along a quarter mile of the waterfront, was described by British authorities as "the biggest ever in Haifa." Eight storage tanks were demolished and six others were burning out. An Iraqi ship was burning in the harbor area was "blacked out" by smoke from a blazing mixture of kerosene and fuel oil and at noon, smoke still was rising thousands of feet into the air and darkening the sky.

Two miles offshore, the unauthorized Jewish immigrants saved from the 700-ton schooner San Felipe, renamed the Molodeth (Fatherland), were transferred to the British warships, Empire Rival and Ocean Vigour, and headed to detention camps on Cyprus.

Troops carried some Jews off the San Felipe and threw tear gas bombs to dislodge others who refused to leave.

Some 80,000 Jews in Haifa were placed under technical house arrest at 7 a. m., but the curfew was lifted at noon.

The fire was the second in four days at the Haifa terminus of the Iraqi Petroleum company's 800-mile pipeline. The destroyed tanks mostly were of 9,000-ton capacity. The fire burned about two miles from the business district. Arab guilds and shops were destroyed and a power line was burned down. A British communiqué said two simultaneous explosions under two pipelines started the blazes.

Bodies' Return Arranged
REYKJAVIK, Iceland.—(AP)—An American graves registration mission has arrived here to arrange for taking home the bodies of 220 American soldiers buried here during the war.

Black Monday of Mourning
CENTRALIA, Ill., March 31.—(AP)—Black Monday of mourning was proclaimed today as Centralia and four nearby communities resumed burial services for their 111 victims of the worst mine disaster since 1923.

See RENT, Page 5

Sugar, Rent Controls Virtually All Left After Midnight

SUGAR

WASHINGTON, March 31.—(AP)—The senate completed action today on compromise legislation continuing sugar allocation and price control until next Oct. 31. The measure now goes to the White House.

The controls would have expired at midnight tonight if congress had not acted. The house earlier had approved the measure.

The bill stipulates that each person shall have a ration of at least 20 pounds of sugar in the next seven months. This is at the rate of a 35-pound yearly ration, or 10 pounds more than last year's ration.

Under the compromise, the OPA is stripped of further administration of the controls, and the power

WASHINGTON, March 31.—(AP)—President Truman loses a mid-career battle to grant power handed over to the White House during the war—the unlimited authority to ration and parcel out scarce materials.

However, congress was set to strip its final approval during the day on two measures salvaging a vestige of the second war powers act. The bulk of that measure dies at midnight, along with the six and one-half year old draft law.

Sugar Controls Continue
The new bills, already approved by senate and house conference committees, were due for prompt presidential signature once they reach the White House. They provide:

An extension until October 31 of sugar rationing and price control with the agriculture department taking over both chores from OPA.

Emergency extension, until June

30 only, of allocation programs over tin, antimony, railroad freight cars, tractors built for export, manila and agave cordage and fiber, the drug streptomycin, and cinchona (quinine), bark; plus limited controls in foreign trade.

Upon signing the bill, the president said he would be returning to Galveston to crash into a bridge near Fannett.

See DEATHS, Page 5

hibit the hoarding and withholding of such things as machines and other scarce consumer goods; the allocation of steel and resins; the export quotas imposed upon the manufacture of automobiles; textile regulations; and a few other minor orders which are all that remain of the 700 industrial controls invoked during the war.

With his mind obviously on the possibility of a new coal strike, Mr. Truman two months ago asked that his full allocation powers under the act be extended on condition that they would be used only in event of a national emergency "which we do not now foresee."

Other Shifts Due
But congress, bent on freeing the economy from all regulations, scarcely paid this proposal the compliment of debate.

In addition to the death of most

of the allocation programs, these other shifts will occur at midnight:

1. The government purchase of natural rubber will end. In eliminating the reconstruction finance corporation as the sole purchaser of foreign supplies, however, congress extended domestic controls over the use of both natural and synthetic rubber for one year. In the meantime it expects to draft a national rubber policy to insure the maintenance of the synthetic rubber industry for national security, probably by making mandatory the use of a certain amount of synthetic in most rubber goods.

2. Emergency powers over truck lines and water carriers will be withdrawn from the Interstate Commerce Commission and the office of Defense Transportation.

PARENTS, GUARDIANS URGED TO REGISTER SCHOOL-AGE CHILDREN

The following statement relative to the school census enumeration for the ensuing school session was made by W. H. Norwood, superintendent, requesting that parents and guardians see that all students within the scholastic age limits are enumerated:

"The Corsicana board of education has elected Sanford Bingham census trustee for the Corsicana Independent School District No. 1 for the year 1947-48. The enumeration of all school children between the ages of 6 and 18 in the Corsicana Independent school district, which coincides with the city limits of the city of Corsicana, will be made during the month of March.

"On the basis of this enumeration, the state appropriation of \$85 will be given the school district with which to carry on next year's work. The school enumeration this past year was 3,000 with 400 transfers, making a net total of 3,510 students for which this appropriation was paid this year. This provided an income in excess of \$122,000, which is the largest single item of income for the operation of Corsicana schools.

"It is the desire of the board of education to have every child of proper age who is a resident of the city of Corsicana, listed in the enumeration. This enumeration has no connection with the state compulsory attendance law.

"Each year it has been found that in four ways some children have been inadvertently omitted from the roll, and, as has been previously requested, it is hoped that omission coming under the following headings will be reported to the superintendent's office:

"1. Those who may have been out of the city during the census taking.

"2. Those moving to Corsicana after March 1, 1947.

"3. Children who will not be 18 years old on or before Sept. 1, because of graduation and other reasons, are not now in school.

"4. Children under six years old who are not in school, but intend to enter next year, because they will be six years old on or before September 1.

"Children who do not live in the city but who are attending the Corsicana schools now or plan to attend next year, must be enumerated in districts wherein they live, and a transfer to the Corsicana Independent school district must be requested from the county superintendent's office before August 1, 1947.

"Children being counted in the census are those who will be six and those under 18 years of age on Sept. 1, 1947, and who are residents of the district on the first day of April. Children born on or before Sept. 1, 1920, or after Sept. 1, 1941, are not enumerated.

"During the next several days, the parents will be contacted through the schools for this information. The co-operation of the parents will be greatly appreciated by the administration and the census enumerator."

More Plumbers Urged

DALLAS—(P)—A vast expansion in the apprentice training programs of the plumbing and allied trades was urged by C. E. Culpepper, area supervisor of the department of labor apprentice training service, in a speech here before the 58th annual convention of the Associated Master Plumbers of Texas.

Auto Production Down

DETROIT—(P)—Ward's automotive reports today estimated last week's production of passenger automobiles and trucks in the United States and Canada at 100,261 units compared with a revised total of 108,472 the previous week. The decline was attributed to the severe snowstorm that struck the car manufacturing area early last week.

DEPARTMENT STORES

MOTORIST HAS LOT OF TROUBLE TRYING FOR LICENSE PLATE

One motorist had considerable trouble in registering his automobile Saturday afternoon, but eventually finally worked out all right. According to the story as related by courthouse attaches, Walter Hayes, chief deputy sheriff, found \$15 in currency in front of the main entrance to the courthouse as he returned from lunch.

Realizing that the loser was probably someone registering an automobile, he went into the office of Arnold A. Armstrong, assessor and collector, and reported he had found some money and if any inquiry was made, to send the loser to his office.

The loser had previously attempted to register his car and had failed to bring all of the necessary papers and had gone back to his car to get the required data. On his return, he found he was \$15 shy and was directed to the sheriff's office where he received his money, registered his car and left in the rain, bareheaded and content as he came to the registration office, but with his new license plates for 1947.

ELISE MILLER DAVIS' STORY ON GOVERNOR BEAUFORD H. JESTER IS PUBLISHED IN APRIL "SCENE"

Much local interest is being evinced in the April issue of "Scene," Magazine of the South and West, which carries Elise Miller Davis' article on Beauford H. Jester, Governor of Texas. The magazine is being distributed to subscribers and newsdealers this week.

The article, illustrated by a sketch and photographs of the governor and his family, was written by Mrs. Davis whose father, M. M. Miller, was living next door to the Jester family when Beauford Jester was born, and features numerous interesting facts concerning the state's chief executive. Highlights from "Scene's" story: When Jester was a boy, he told his father, who was then lieutenant governor of Texas, "When I grow up, I'm going to be the real governor." Fifty years later his boyhood statement came true.

Jester's father, George T. Jester, came to Texas with his widow and five brothers and sisters. They arrived in Corsicana in the first painted wagon ever seen in Texas, used for years afterward as a community hearth. George Jester's first job was hauling brick for a new courthouse at Corsicana on the very site where his son began his campaign for governor 88 years later.

Jester never forgets a face, seldom forgets a name, "Scene" says. His development and this trait early when he was in the first grade telling his parents, "Miss Sally (his teacher) says I have the best memory in the class."

Jester says "Scene" is fundamentally a man's man. He likes to hunt and fish and says, "I smoke everything but opium," as he exhibits his collection of straight-stemmed pipes.

Mrs. Davis Wins Acclaim

Mrs. Davis' fashion experience and journalistic ability took her to New York City recently to stage a showing of Dallas' Page Boy Maternity Fashions at the Stork Club, and now the appearance of her three-page article in one of the South-west's newest magazines is destined to bring further acclaim to the talented Corsicanan.

Mrs. Davis, who is Mrs. Jay Davis to her Corsicana friends, attended the University of Texas and has taken special courses in journalism and short story writing at the University of Oklahoma in preparation for the new creative field in which she is rapidly becoming a successful participant.

Fat Stock Show

The State Home will compete in

the Fat Stock show for eleemosynary institutions to be held in Austin on April 16 and 17, Moyné Kelly, superintendent announced Monday.

Twelve state schools will compete in the state-wide event. Kelly said Preparation for the event has been going on at the local school for some time and plans for entry in practically all the exhibits have been made.

BIG FOUR

ish had circulated a proposal for Foreign Secretary Ernest Bevin to the council for the unification of Germany by July 1, the year, a unification which he said should be made effective by abolishing all restrictions on movement of goods between the zones.

This proposal, obviously unacceptable to the Russians, provided that before any reparations could be paid the Germans would have to pay back the sum advanced for Germany's maintenance by the occupying powers and meet the cost of occupation.

At the same time he commented on Russian's stand-pat position. Marshall criticized the French also for adopting the immovable attitude that they must have coal from the Ruhr or they would agree to nothing.

Conflict Irreconcilable.

"It is not clear that the conflict inherent in these views can be reconciled by whatever position the United States may take," Marshall said.

The Soviet delegation has suggested that it will be possible for the French to have their coal and still leave enough coal in Germany to manufacture the reparations the Soviet government demands," Marshall continued.

"We do not agree."

"The French delegation believes that after it has obtained the coal it needs from Germany and has limited the (German) steel capacity to 7,500,000 tons it is still worth while to study the question of reparations out of current production. We do not agree."

Red Proposal Rapped.

He charged that the Russian proposal to reduce German imports in order to get reparations for Russia would reduce German food consumption to a starvation diet of 1,000 calories a day.

"Does the Soviet government make this proposal seriously?" he asked.

TEAGUE SOFTBALL CLUB STRENGTHENED FOR 1947 CAMPAIGN

TEAGUE, March 31.—(Spl.)—Burlington Rock Island Boosters softball club has started practice for the approaching season and plan many attractive games. Work has started on enlarging the local stands. Turkey Johnson, manager, has announced. Most of the stars of last year's team and some new ones are lined up for 1947. Aubrey Moore, the pitching sensation last year, is out of the array and is ready to assume the churning chores. He has a lineup behind him, including Larry Cook, Ernie Cadro, Hooper Moore, Rufe Tisdale, J. Stringer, J. C. and Billy McInnes, Frank Black, Jimmy Hunt, Garland Owens, Harry Hipple, Bottoms and Johnny Moore.

Anyone desiring a game can contact Johnson at Teague. He would like to hear from clubs in Waco, Dallas, Corsicana, and any other towns in this section. The Teague team will be augmented by a number of high school stars later in the season.

"Fish said that Greece and Turkey is a dangerous departure from our traditional foreign policy and in effect sabotages the Monroe Doctrine."

Monroe Doctrine "Dead"

"The Doctrine of Monroe," Fish said, "kept European empires from the young republics of South America for 120 years."

"If this policy of global imperialism is consummated, the Doctrine of Monroe is dead."

Fish said few will disagree with the goal of stopping Communism throughout the world but that it should be stopped first here at home.

Fish said war with Russia over control of the Mediterranean is not inevitable. But he said if America is to go in for global imperialism it should face realities.

"Why not ask congress," he asked, "to declare war on the Soviet Union?"

Fish said that because of his opposition to world Communism he is "willing to risk granting funds for relief, rehabilitation and arms in Greece and Turkey" provided the program is definitely divorced from military intervention.

He proposed amendments to "demilitarize" the aid bill: Limit military and naval missions to 50 officers in Greece and Turkey.

Forbid combat troops

Forbid their use with active combat troops.

Crawford conceded that the course he advocated would mean war if Russia defied America but he said that if war came Russia would "get licked."

The Michigan representative said the people of the United States "have the power to disarm the world" and should start with Russia.

"Today is the deadline by which President Truman asked that congress act on his proposal for Greek-Turkish aid, but final congressional action appears weeks away, at the earliest."

Mr. Truman asked action by March 31 because Britain had set that date for ending the help she has been giving Greece. He said there was an emergency situation which could not wait for U. N. action.

(The British have since indicated they will continue some help to Greece until the United States is ready to step in.)

At the senate group's hearings, Senator George (D-Ga.) protested that the whole Greek-Turkish problem should have been dealt with before the United Nations long ago.

George added that he sees no reason why American help couldn't be delayed a month or two while the U. N. considered it.

"We're not proposing to put troops in there," he commented.

MINERS

CONTINUED FROM FIRST PAGE

make pig iron, would be closed since workers are UMW members.

Railroad Not Affected

A spokesman for the Pennsylvania Railroad said that line would not be critically affected by the mine shutdown, but that some train crews would be laid off since they would not be needed to haul coal from the mines.

Western Railways said at Chicago, however, the shutdown "won't bring much hardship." An official of the Chicago and Northwestern Railroad reported most roads have from 15 to 30 days' coal supply.

Shutdown Called "Strike"

The mourning period, which Lewis considered is provided for in the UMW-government contract, was labeled a "strike" by Walter Thurmond of Charleston, W. Va., secretary of the Southern Coal Producers Association. He called the work stoppage "a peculiar method of expressing dissent."

Thurmond in a statement said Lewis "is only attempting to show the country his complete and unbridled control over the actions and life of the 400,000 members of his union."

While the mines are idle, Lewis told reporters in announcing his action, "there will be no men dying, at least they will be safe while they're mourning."

Lewis insisted that his contract with the government, which carried over provisions from preceding agreements with the bituminous operators, authorized such memorial holidays.

Legal Contest Unlikely

But even if any legal question arose in the minds of federal officials, it appeared doubtful that they planned any immediate repetition of the court fight last fall which resulted in contempt fines for Lewis and his United Mine Workers.

Lewis is due to settle up with the federal government Thursday in Federal Judge T. Alan Goldsborough's courtroom.

If the jurist decides that the Holy Week idle period ordered by Lewis is does not alter his compliance with the supreme court's order in the contempt case, the UMW will get back \$2,800,000 of its \$3,500,000 fine. The supreme court said loss of \$700,000 against the union would be adequate for ignoring Goldsborough's restraining order last November 21 and shutting down the mines. Lewis' personal net of \$10,000 was allowed to stick.

Goldsborough declines comment on the case to a reporter who asked him to explain the new stoppage.

Actually, while a shutdown of the bituminous pits for five working days ordinarily would mean a loss of 10 or 12 million tons of coal, much idleness would have occurred anyway this week. Tuesday is a contract holiday as the anniversary of the eight-hour day.

And Thursday and Friday are church Holy Days when absenteeism always cuts heavily into production. Saturday seldom yields more than 50 per cent of normal daily output.

INDIA

killed and 137 wounded during widespread disorders which were quelled only after police fired repeatedly into the mobs.

One of the two men killed today was burned to death when a crowd set his home afire.

British troops joined police in patrolling the streets today in an effort to keep order, and public gatherings of more than four persons were rigidly prohibited.

Peace committees who toured the trouble areas in an attempt to restore order were stoned by the rioters. Inhabitants of affected areas are being evacuated by relief organizations to safer zones.

Since the disorders, stemming from long-standing Hindu-Muslim hostility intensified by disputes over the latter's status in the new independent India originated five months ago, more than 1,000 have died.

At the senate group's hearings, Senator George (D-Ga.) protested that the whole Greek-Turkish problem should have been dealt with before the United Nations long ago.

George added that he sees no reason why American help couldn't be delayed a month or two while the U. N. considered it.

"We're not proposing to put troops in there," he commented.

COMMISSION

CONTINUED FROM FIRST PAGE

lower price than policemen, weren't making enough to get by on. He, at that time, agreed, but said the city didn't have the money.

Large Sum Spent

Soon after that the city commission authorized expenditure of approximately \$20,000 for one half year (now less as a range), \$20,000 over a 10-year span for another airport, \$22,250 for a hangar—approximately \$62,000.

Principle, of late, has been arguing that the firemen are not making enough to pay their grocery bills. The matter of sewers or the lack of them—will rear its ugly head again. Last year the Corsicana Planning Board kept dumping the dry rot of (which Corsicana has so many it looks like a housing project in miniature) question right in the city commission's lap.

City Limits Extension

The question has not swerved much from its original drive. City officials all agree the city limits should be extended. Those who would be added want to know what the city has to offer in the way of sewerage facilities. And the answer remains, nothing much.

The outgoing city commission looked at the sewer fund two weeks ago, and found it wanting. It showed a balance of \$35,089.97. It wasn't enough, the city officials agree, to revamp the present system.

It is not known whether the sewer service charge will fly back in the city commission window during the year. The Planning Board liked it. The City Commission didn't.

There is the knotty problem of the war on the city streets. It was around the curb. Material was scarce, labor was hard to get, the avenues deteriorated. Motorists today are complaining of the constant rattle of the constant rattle.

Demands for Paving

The officials realize that there will be increased demand for paving, insistence by residents that repairs be made on the streets.

Probably the knottiest problem of the street situation has been settled—West Second Avenue and Fifteenth Streets will be widened.

Impressed by appearance of Highway 22

All in all, the commission hasn't any bed of roses to recline upon. There should, in fact, be added another. It would stand for "Some move money."

LEGISLATURE

CONTINUED FROM FIRST PAGE

considered unfriendly by the authors.

Rep. Davis Clifton of McKinney succeeded in moving his gasoline tax bill from the revenue and taxation committee to the committee on highways and roads.

The estimated revenue of \$25,000,000 would be secured by upping the gasoline tax from four to six cents a gallon, would go towards construction of farm-to-market roads under the bill's provisions.

"As you all know, any bill that comes up before the revenue and taxation committee has three strikes against it before it starts," Clifton declared.

The committee is already firm in its decision to vote against it xxx any tax bill.

A&M

CONTINUED FROM FIRST PAGE

resigned. If continued authority x x x for their failure to comply with military orders."

Col. Meloy this morning issued a special order "in accordance with a directive from the board of directors of Texas A. and M. College."

The order said "a board of officers is hereby appointed, to meet at the call of the president thereof to investigate, recommend and fix punishment for the alleged flagrant and continued disregard of constituted authority by such members of the Texas A. and M. College Cadet Corps as may be duly directed to appear."

Boards Named

He appointed five boards, Meloy is president of each board and Lt. Col. Benny A. Zinn is on each of the boards. Lowest rank of the board members is that of captain.

A. and M. has been torn by dissent for at least two months. The outbreak occurred when the corps regulations were changed, one of the major changes being the banning of hazing.

Senior cadets marched on the campus, President Gibbs Gilchrist and resigned their commissions. Later, under orders, they asked for reinstatement, and this was done in some cases, but not others.

Resignation Demanded

The class passed a motion calling for the resignation of Gilchrist.

Later, the class voted "no confidence" in their senior cadet officer, a colonel, and a cadet lieutenant colonel, was for the resignation of the senior cadet officer.

The motion passed by the board of directors Saturday night, made by T. Bell of Dallas and seconded by E. W. Harrison. It read:

After investigation by the board of directors of the most recent failure of the senior cadet officers to carry out and obey the orders of the commandant, the board of directors of the Texas A. and M. College Cadet Corps, Texas A. and M. College, Texas, hereby demands the resignation of the senior cadet officer, a colonel, and a cadet lieutenant colonel, was for the resignation of the senior cadet officer.

Board Orders Trials

"The commandant of cadets is directed to form a military panel of four officers from his military staff and over which he shall preside."

"Before that panel shall be brought separately and individually each and every cadet, taking advanced military science, insubordination and or flagrant disregard of constituted authority, and answer for their failure to comply with direct military orders."

Penalties Authorized

"The military panel so appointed shall be charged to report before the military panel at such time and place as shall be established by the panel."

"The panel adjudged by the military panel as guilty of direct violation of orders, insubordination and or flagrant disregard of constituted authority, appropriate penalties shall be imposed."

The Veterans' Association leaders, who along with a 22-man board claim to represent 5,733 veterans out of a total of 7,500 students, range from freshmen to seniors and their rank in the Army was from private first class to major.

Two Purple Hearts

There are two Purple Hearts and one Purple Heart Cluster in the group, plus a dozen battle stars. Their records as compiled from the files of the Battalion, student newspaper:

William S. (Bill) Andrews, Amarillo, President. Senior in business administration and pre-law student. First lieutenant, Army Medical Corps (administration) during the war. Five battle stars, landed D-Day in France.

In Bulge Battle

Edward Fay Fisher, Big Spring, senior in business and animal husbandry, motor officer, 49th Medical Battalion during battle of Bulge and Ruhr pocket. Recommended for commission in Army's military government. Was on duty through to the end of the war. V-J Day. City editor, Big Spring News, summer 1946.

Sam S. Williams, Jr., Marshall, treasurer. Senior in accounting. Artillery company in the 152nd Air Force, now a private pilot.

CALHOUN APPOINTED LOCAL CHAIRMAN FOR JEFFERSON DAY FUND

Mayor John C. Calhoun looked up from a hot hand in the perpetual domino game in the Corsicana fire department Friday and announced that staunch Navarro county Democrats would be asked to contribute \$600 this year in the interest of the party.

Mayor Calhoun was appointed Navarro County chairman for the 1947 Jefferson Day fund-raising campaign by Robert L. Clark, state chairman.

The campaign will close with a statewide Democratic rally in Dallas on April 5.

"The Democratic national committee already is making plans for the presidential campaign of 1948," Clark said. "We must do our part now."

"Loyal Democrats desiring to contribute to the quota should see me," Mayor Calhoun said. "Twenty-five dollar donors will get a ticket to the Dallas dinner."

Leslie K. Wareings Announce Arrival Of Daughter Friday

Mr. and Mrs. Leslie K. Wareing announce the arrival of a daughter, Leslie LeNora, at the Navarro Clinic on Friday morning at 8:50 o'clock weighing six pounds and twelve ounces.

The paternal grandparents are Mr. and Mrs. E. Wareing and the maternal grandmother is Mrs. Paul Breuchner.

MR. AND MRS. CULLEN

HOUSTON OIL MAN CULLEN, WIFE GIVE AWAY \$160,000,000 TO SET UP TEXAS' LARGEST FOUNDATION

HOUSTON, March 29.—(AP)—H. R. Cullen, who Thursday night said he and Mrs. Cullen were going to give oil properties worth millions to public welfare, yesterday estimated they would yield 60,000,000 to 80,000,000 barrels.

At the current price of \$2.10 per barrel, the estimate would place the bequest at approximately \$160,000,000 on the highest figure.

Cullen unexpectedly announced the gift of the oil properties from the stage of the Music Hall here Thursday night, where he was addressing a meeting of the Texas Hospital Association. Geologists have estimated the properties to hold a minimum of 30,000,000 to 40,000,000 barrels.

Directors of the chamber of commerce, who had called to thank him for his generosity, heard Cullen estimate the oil yield.

Cullen said a Foundation would be organized for the purpose of aiding educational, medical and charitable institutions from monies derived from the sale of oil on the properties.

In announcing the gift originally, Cullen had said he and his wife were "rich people" because they wanted to see their money spent during their lifetime.

Mrs. Cullen said that their four daughters and 10 grandchildren were just as happy as they were over the gift.

Largest Ever in Texas. The bequest is the largest ever made in Texas.

Previous Cullen gifts include \$465,000 to the University of Houston; \$1,000,000 each to Methodist, Hermann Memorial and St. Luke's Hospitals; \$100,000 to the Gonzales Warm Springs Foundation for Crippled Children; and \$800,000 to Baylor University Medical School and the Phi Chi Medical fraternity.

A native of Texas, Cullen was born in Denton county in 1883. His first job paid \$3 per week at the age of 12. He has become one of the South's wealthiest men.

He entered the oil business in 1917, and received a Doctor of Science degree from the University of Pittsburgh in 1928 for his work in conquering heavy shale, a barrier of the Gulf Coast oil fields.

Surprise Shower Honors Newly-wed

A miscellaneous surprise shower was given Mrs. Esco McCann, formerly Miss Wilma Holcomb of Emhouse, Friday by Mrs. Carmack Watkins of Corsicana and Mrs. J. B. Collins of Emhouse. Guests were greeted by Mrs. Watkins and Miss Sunshine Holcomb, sister of the bride, who presided at the bride's book.

A number of games were enjoyed. Mrs. McCann was presented with a lovely basket of gifts which were opened and shown those present.

Refreshments were served to many out-of-town guests, friends and relatives.

Easter Holidays In Corsicana Schools

Easter Holidays in the Corsicana public schools will be observed from Thursday afternoon, April 3, to Tuesday morning, April 8, W. H. Norwood, superintendent, revealed Friday.

Many members of the faculty and students are expected to make trips over the extended week-end holidays.

Announce Birth of Daughter. Mr. and Mrs. W. L. Vaughan, 1412 West Fifth avenue, are the parents of a daughter born Thursday, March 20, at the P. and S. Hospital. Her name is Mary Ellen. Mrs. Vaughan is the former Erma Ball. Mother and daughter are doing nicely.

LARGE CROWD IS PLEASED WITH SHOW OF FRIDAY EVENING

Gold's staged a sensational second half rally after being outclassed during the first two quarters to cap the annual Blue and Gold feature, 26-14, before a large crowd of cheering enthusiasts at Tiger Field. The twinkling toes of Bill Davis and others outdistanced the slower and tired Blues late in the game after Burkhardt, Clark, and others had goaled up much yardage and what ordinarily would have been enough scores. Bowen did some fine running and effective passing, being a continual threat. Both teams used the full twenty-two candidates. New members of the cheer leaders and majorettes and flag-bearers were introduced at the half intermission. In the B game the Golds also won, 6-0, with DeGeorge carrying over in a sensational running exhibition. Several fine line prospects were seen in the sophomore circles.

Early Break. The winning combination was unable to cash in on the first break when they recovered a fumble on the Blue 15-yard line. The ball went over on downs on the 4 June Clark, always a dangerous runner, broke down the field in a sensational glide as his interference moved down the Gold line. Every one in the stands believed the speedster was touchdown bound as only Bill Davis, another great star and trackster, was in the way and he was on the opposite side of the field. Davis caught him in a burst of speed and hauled him down on the Gold 15-yard stripe. Burkhardt, the pile-driving fullback, plugged in and crunched over and converted from placement in the first period to give the Blues a 7-0 lead. The Blue enthusiasts settled back to see a win for their club, but scarcely before the fact had turned back to their seats. Bowen shot a pass to Davis on the 27 after a 15-yard gain and duplicated the pass for a touchdown. Davis caught the ball, giving the Blue a 7-6 advantage for the first period.

Blues Score Again. The Blues struck again in the second quarter after driving from a point near mid-field. Burkhardt drove to the Gold 4 and Clark picked up one yard in each of the thrusts with Burkhardt driving over the line and converting, making the Blues lead, 14-6. Clark broke around left end for 100 yards and a touchdown late in the half, but the ball was called back and the officials ruled both teams were off-side.

St-Yard Jaunt. The most sensational jaunt of the evening was unraveled in the third period when Bill Davis bounded off the Blue forward wall and dashed 81 yards for a touchdown. He spouted off the tackle slot, cut back and eluded the secondary, and dashed away toward the southwest corner of the field with June Clark intent on catching him as he had done earlier in the game. As the speeding Clark neared Davis about the 15-yard zone, he stopped, circled, picked up his interference and made the remainder of the distance in a broken flag. Sharpley's attempt to reduce the margin of the Blues to one point, 13-14.

Pass Touchdown. The fourth period saw a couple of Gold touchdowns. A pass, Bowen to Davis, was completed from the 27-yard line and the speedster negotiated the remaining distance for a 75-yard jaunt that clinched the contest for the Golds. Sharpley's attempted placement was low and was blocked.

Mash, a hard-running back, converted guard, apparently was on his way to a touchdown and was reeling off gain after gain when he fumbled on the Blue 2-yard line. The Golds then gained the ball on an interception of a pass and returned to the Blue 15 from which point Davis cutback for a touchdown to end the scoring as Sharpley's pass was incomplete for the extra point.

Band Exhibition. During the half-time intermission the high school band put on a colorful exhibition, going through several intricate formations and then spinning out to the crowd the words "Blue" and "Gold."

Then a ceremony installing Pat Spradley as one of the three drum majorettes, replacing Mary Ann Long, was held as the band faced the packed west stands. Following this the new flag bearers were installed. Mary Sue Shell replaced Joan Jester with the national flag. Jill Jones took over from Claire Kelton the Texas flag, and Audrey Daniels replaced Betty

MISS WILMA HOLCOMB IS WED TO ESCO MCCANN IN CEREMONY AT EMHOUSE TUESDAY EVENING

The marriage of Miss Wilma Holcomb, daughter of Mr. and Mrs. Troy Holcomb of Emhouse, to Esco McCann, son of Mr. and Mrs. Elton McCann of Route 2 Corsicana, was solemnized at the home of the Rev. and Mrs. Dan Sharp on Tuesday evening of the evening of March 25 at 7 o'clock, with the Rev. Sharpley reading the double ring ceremony.

The bride was attired in a navy blue crepe with navy and white accessories and wore a corsage of gardenias. The bride's only attendant was her sister, Miss Sunshine Holcomb, who wore a navy dress with navy and white accessories and a corsage of pink carnations. The bride wore the traditional "something old, something new, something borrowed and something blue."

Ray McCann served his brother as best man. Other attendants at the wedding were Troy Holcomb and Billy Jack Mars.

Immediately following the ceremony, an informal reception was held at the home of the bride's parents. The two-tiered wedding cake was cut by the bride and bridegroom, and Mrs. C. B. Gas-

MRS. ESCO MCCANN

ton, aunt of the bride, presided at the punch bowl.

ty Sharpley at the high school banner.

Cheer Leaders Named. The results of the annual election of cheer leaders were also announced. One new girl cheer leader, Bobbie Holsey, was elected, with Jane Lovett and Billie Jean Tucker being re-elected to their posts.

Gold. Grasset was elected the new boy cheer leader, with Tommy Duncan and Jimmy Copeland retaining the posts they already held.

Starting Lineups. Blues—Bill Ross and Blair Beaman, ends; Bryson and Bittner, tackles; Poarch and Gipson, guards; Douglas, center; Catou, quarter; Cook and Clark, halves; Sharpley, fullback.

Gold—Carter and Barr, ends; Sharpley and Cummins, tackles; Irvin, Phillips and Cavender, guards; Rea, center; Bowen, quarter; Davis and Ward, halves; J. Mash, fullback.

Substitutes—Blues: Wayne Bowser, Howlett, Littlejohn, Johnston, Ford, Wapwood, Jones, Pennington, Wayne, Phillips, William Harris, Golds: Daniels, Carl Harris, George Anderson, Ben Smith, John David, Charles Roy, Smith, Bill Jordan, Carter Bryant, Markie, Fulton, and Bon.

Otis Pederson was coach of the Golds and Garland Matthews directed the Blues. Bill Reed, Dan McLeod and Noble Davis were assistants.

Summary. First downs—Golds 15, Blues 14. Passes: Blue completed 2 for 11 yards, 2 incomplete and 2 intercepted. Golds completed 4 for 136 yards, 5 incomplete and 2 intercepted.

Punts: Blues 3 for average of 23 yards. Golds punted 2 for average of 30 yards.

B Game Starters. Golds—Marr and McGraw, ends; Yates and Jordan, tackles; Payne, Bishop, guards; Ben Sharpley, center; Stubbs, quarter; Ballard and Berry, halves; DeGeorge, fullback.

Blues—Blue and Langston, ends; Meadows and Harris, tackles; Smith and Womack, guards; Ard, center; V. Mash, quarter; Page and Ronald Cavender, halves; Fulton, fullback.

W. F. SEWELL RITES HELD AT RICHLAND SATURDAY AFTERNOON

Funeral services for W. F. Sewell, aged 74 years, who died at his home in Richland early Thursday, were held from the Richland Methodist church Saturday afternoon at 2 o'clock. Interment was in the Richland cemetery. The rites were conducted by Rev. Fisher.

A native of Tennessee, Sewell had resided in the Streetman and Richland communities for the past 50 years.

Surviving are his wife of Richland; six daughters, Mrs. Nora McNeal, Richland; Mrs. Flora Bell Holloway, Corsicana; Mrs. Kate Thompson, Gladewater; Mrs. Gladys Lewis and Mrs. Emma Henderson, both of Kilgore; and Mrs. Willie Burkhalter, Levelland; a son, Ocle Sewell, Dallas; a brother, Jim Sewell, Granite, Oklahoma; grandchildren, eight great-grandchildren and other relatives.

Grandsons were pallbearers. Corley Funeral Home, directed.

Mrs. Thorp Monfort of College Station was a week end guest of Corsicana and Chatfield relatives.

Corsicana High To Compete In District Meet Waco April 12

Corsicana High School will be fully represented in literary and athletic events in the District 10-AA University of Texas Inter-scholastic league meet in Waco, Saturday, April 12. R. A. Armistead, principal of Senior High, has announced.

While a definite decision is lacking, there is a strong possibility that the Corsicana entries may compete in the Cameron High invitation meet next week-end.

Rites For Infant Saturday Afternoon

Linda Sue Tackett, infant daughter of Mr. and Mrs. N. Tackett, died at the Navarro Clinic late Friday afternoon.

Funeral services were held Saturday afternoon at 2 o'clock at the Modrell cemetery where interment was made. The rites were conducted by Rev. W. O. Harmon, minister of the First Christian church.

Surviving are the parents, Corsicana; grandparents, Mrs. Willie Phillips, Littlefield, and Mr. and Mrs. Elzie Whilps, Corsicana. Corley Funeral Home directed.

The Easter Season

This year, more than ever before, mankind looks prayerfully toward the Easter Morn with the real purpose of Christ in mind - the hope that the Supreme Being has given to reaffirm the age-long belief in life everlasting.

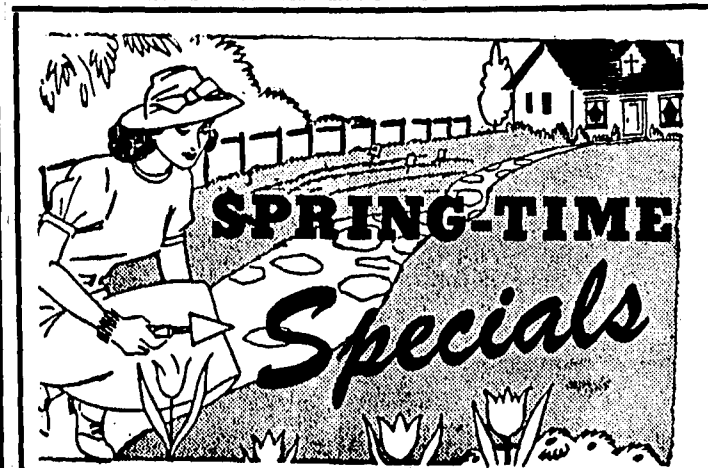

May man's faith be strong enough that God, who has led us out of the darkness of war, will show us the way of truth and righteousness toward man.
